

Application: Ocean Research Operations

- Features:
- Direct drive hydraulic motor
  - Single drum with capacity for 300 meters of 0.25' wire rope
  - Failsafe hydraulic disc brake
  - Diamond screw level wind to correct for large fleet angles
  - Corrosion protection

Options: • Swivel base

Specifications / Performance	
Line Pull (Bare Drum)	500 lb @ 125 fpm
Drum Capacity	300 m of 1/4" wire rope with 1.5" free flange
Hydraulic Requirement	10 GPM @ 700 PSI
Approx. Weight	510 lbs (including rotary base)
